The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

**DEPARTMENT OF PARKS AND RECREATION
APPROVAL OF NEW AND REVISED FEES AND CHARGES
(SUPERVISORIAL DISTRICTS 1, 2, 3, 4 AND 5) (3 VOTES)**

SUBJECT

Request to approve new and revised fees to the Department of Parks and Recreation's Fees and Charges, effective July 1, 2013. Revisions to the Department of Parks and Recreation's fees and charges are based on the review of fees charged for similar services by neighboring park agencies.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that these actions are exempt from the California Environmental Quality Act pursuant to the Public Resources Code and sections of the State California Environmental Quality Act Guidelines as cited herein.
2. Adopt a resolution and approve new and revised fees to the Department of Parks and Recreation's Fees and Charges Schedule effective July 1, 2013.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The Department of Parks and Recreation (Department) conducts a thorough analysis of the costs to ensure that fees do not exceed the cost of the services provided. In addition, the Department reviews the fees imposed for similar services or uses by neighboring public park agencies. If supported by the analysis, recommendations to the Department's fee schedule are forwarded to your Board for approval.

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

6 May 28, 2013

Sachi A. Hamai
SACHI A. HAMAI
EXECUTIVE OFFICER

This review indicates that the Department's current fees and charges schedule should be revised since the current fees do not cover the cost of the services provided and in an effort to maintain consistency with fees charged for similar services by other jurisdictions. These revisions include the establishment of new fees and the revision of current fees. These adjustments to the Department's schedule of fees are warranted, as outlined in Attachment I. In addition to revising various existing fees, the Department is recommending three new fees as follows:

- Establish a swimming pool hourly lane rental fee of \$7 per hour, per lane. Currently, the Department's fee structure only allows for a pool rental at \$250 per day.
- Establish a senior/disabled non-motorized watercraft annual permit fee of \$50 per watercraft. Currently, the Department's fee structure does not offer a non-motorized annual permit for senior/disabled.
- Establish a license and right-of-entry permit fee. These fees are for costs associated with the review of license applications to use County-owned property under the jurisdiction of the Department by person, firms, corporations, cities, districts, and public agencies for the purposes permitted in applicable subsections of Los Angeles County Code Section 2.26.140. Under category 3 of Section 2.26.140, right of entry permits allow ingress and egress across County-owned property. The license also provides for the use of Department facilities for activities not specified in Section 2.26.140, such as trenching, excavation, soil boring, or creation of a temporary staging area. The proposed license and permit fees cover a portion of the cost for reviewing and processing licenses and permits, and do not guarantee the issuance of licenses. Licenses are issued at the discretion of the Department. Non-profit organizations and private entities that provide a direct benefit to the Department will not be charged for a license and permit application. The fees range from \$150 - \$500 per application.

The recommended actions will result in a net revenue increase which will be utilized to fund operating costs or to offset future curtailments as needed.

Implementation of Strategic Plan Goals

The proposed recommendations will further the County's Strategic Plan Goals of Operational Effectiveness (Goal 1) by enriching lives through cost-effective activities, and Fiscal Sustainability (Goal 2) by increasing revenues.

FISCAL IMPACT/FINANCING

The recommended actions will result in an estimated net revenue increase of \$143,000 in Fiscal Year (FY) 2013-14 and \$143,000 annually in subsequent fiscal years which will be utilized to fund existing operating costs.

OPERATING BUDGET IMPACT

As mentioned in the Fiscal Impact/Financing Section above, we are estimating a modest increase of \$143,000.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

All fees were reviewed to ensure that they are reasonable and cost effective in comparison to other municipal and public agencies. The results are reflected in our recommendations. The last revisions to the Department's fees and charges were approved on February 28, 2012, and effective April 1, 2012.

In accordance with Section 50402 of the Government Code, these changes must be approved by a resolution of your Board.

The proposed Department fees are exempt from Proposition 26 under Exception No. 2: Section 1 (e) (2) Exception for Fees for Services and Products Provided and Exception No. 4 Section 1 (e) (4)'s Exception for Use of Government Property and do not need to obtain California voter approval.

County Counsel has approved the attached resolution as to form.

Public Hearing Notice

Public hearing notice requirements of Government Code Section 6062a have been satisfied and public hearing requirements of Government Code Section 66018, for fee increases will be satisfied by this action.

ENVIRONMENTAL DOCUMENTATION

The proposed actions are for the purpose of: (1) meeting operating expenses, including employee wage rates and fringe benefits and/or (2) purchasing and leasing supplies, equipment or materials, and/or (3) obtaining funds for capital projects necessary to maintain service within existing service areas. Therefore, the proposed actions are not subject to California Environmental Quality Act pursuant to Section 21080 (b) 8(A)(B)(C) of the Public Resources Code.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The increases are not anticipated to have a significant impact on services at the affected facilities.
